

SPML wins water supply project worth Rs 318 crores from PHED, Jodhpur, Govt. of Rajasthan

- **SPML focuses on single point responsibility water projects for supply of clean and continuous water in rural Rajasthan**

Kolkata, Wednesday, August 6, 2008: Subhash Projects and Marketing Limited (SPML), one of India's leading infrastructure players has secured orders worth Rs. 318 crores from PHED, Jodhpur, Government of Rajasthan sustaining high growth in its core performing water sector. SPML has bagged the drinking Water Supply Project for Pokhran town in Jaisalmer district on an EPC basis with a completion dateline of 2010. The company has undertaken the single point responsibility for the project which generally results in timely completion and uninterrupted flow of work. The yojna (Pokaran-Falsoond –Balotra –Siwana Lift Project) will aid to provide clean drinking water supply to the region.

SPML is also singly responsible for a number of water supply projects in Rajasthan including the Rs 270 crore Chambal-Sawai Madhopur-Nadauti water supply project which will provide clean water for 926 villages and cater to a population of 11, 16,031. Other clean water supply water project are the Ramganjmandi-Pachpahar water supply project, Bisalpur water supply project, Khanpur reorganization water supply scheme, Rajiv Gandhi lift Canal (Phase-II) Water and Jawaipali water supply scheme.

“Water management is our core competence sector and we intend to grow at a rapid pace in this segment in the next few years. Especially in Rajasthan, supply of water for drinking and sanitation has always been a matter of much concern more for the people in rural areas. One has to walk a mile for a bucketful of water. This is exactly where we have stepped in to aid the Rajasthan government to solve the problem.” commented **Mr. Subhash Sethi, Vice Chairman, SPML.**

The scope of work for the project includes supply of water from canal outlet near RD 1253.5 of IGN (Jaisalmer District) to head works at Biliya village near Pokhran town (Jaisalmer District) viz. P, L&J of MS & DI Pipeline & RWRs, water treatment plants, CWRs, raw water pump houses, GSS with allied works and civil, mechanical, electrical and instrumentation work at all the three head works near the canal outlet (Agasar and Biliya village). The turnkey job contract also includes necessary design, operation and maintenance of the project.

About SPML: SPML today is one of India's leading multi-disciplinary infrastructure player with water management services, power transmission and distribution and infrastructure. What started as of a water pumps agency in Guwhati has grown today to a Rs 1167crore company. The company is a leading engineering, procurement and construction (EPC) company engaged in turnkey execution of projects in the public as well as private sector. Promoted by the Sethi family, SPML was incorporated in 1981 and converted into a public limited company in August 1983. An ISO – 9001: 2000 certified company, SPML has executed more than Rs.3, 500 Crores value projects to date. SPML provides a single source responsibility for various multi disciplinary engineering products from conceptualization to maintenance in water supply, water treatment, waste water and sewage treatment, lift irrigation, power generation-wind, hydro-electric and environment management. SPML is also one of the established players in environmental engineering in India. The projects are aimed at solving long-standing sewage disposals to create a clean, green future. Its scope of work includes constructing sewage treatment plants, effluent treatment plants and solid waste management.

SPML's vision is to become a force in the global infrastructure sector. This vision is supported by its core strengths – a pan India presence , 25 years of experience turnkey in projects , innovative in – house designs and engineering solutions, enduring banking relationships, highly skilled team of over 1000 engineers complimented by its dedication to cutting edge technology though a strong IT focus. The Group has an impeccable record of accomplishment in delivering highest levels of quality construction, almost nil cost overruns and on-time delivery.
